

Mentor Guide

Welcome, Mentors!

Role

- Support teams in brainstorming and refining their ideas.
- Offer guidance on technical, strategic, and design aspects.
- Encourage creativity while keeping teams focused.
- Remind participants that food and refreshments are available anytime.
- Help troubleshoot issues but **do not** directly contribute to the project.

How to Engage

- Walk around and check in with teams periodically.
- Ask guiding questions to help teams think critically.
- Encourage teams to use their time efficiently.
- Stay accessible and approachable throughout your time at the event.

Helpful Tips

- Engage with multiple teams to ensure everyone gets guidance.
- Collaborate with other mentors to share insights and support teams effectively.
- Take breaks and grab food or refreshments as needed.

Thank You!

Thank you for your commitment to mentoring participants and helping them succeed in the hackathon! Your contributions are invaluable to the learning experience of all involved.
